Why UBI Attendance?

- 1 100% made in India**
Totally made & serviced in India by Indians.. In Top 10 Apps out of 1342 entries in App Innovation Challenge of Digital India
- 2 Anywhere, Anytime**
Unlike biometric machines, bugs & updates are free. Attendance can be marked anytime, anywhere. No office space required
- 3 Touchless Attendance**
Employees don't prefer to punch attendance from a common machine – specially in the pandemic times
- 4 Works in Villages/Remote areas/Oil Rigs**
No service is available for traditional attendance machines
- 5 Manages Complex shifts**
Solution for any type of shift - multiple Time In/ Time out, Flexi shifts

Key Differentiators

1. Integrates

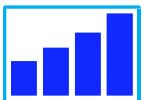

Integrates easily with HR software & ERP solutions like – SAP Success Factors, Oracle Fusion

2. Low Down Time

Hosted on Amazon Server with 99.99% uptime. Data is fully secured on cloud

3. MIS Information

Extensive Attendance Reports & Graphs are available anytime, anywhere with real time updates

Key Offerings

Selfie Based Attendance

	Attendance with Selfie & Location		Advanced Web Panel		QR Code Attendance		Works offline
	Remote Employees management		Kiosk Mode Attendance		40+ Attendance Reports/ Charts		Phone, Chat & Email Support

Offline Attendance

- Track Attendance & Visits even in the absence of internet connection
- Works with poor network connectivity in remote areas, sea, dense forests, oil rigs etc.

Use Case: Captures Attendance of employees posted in remote villages or oil rigs, where there is missing or poor internet connection. Being used by Govt. offices in villages and petroleum companies.

QR Code Attendance

Employees can punch Time in & Time out by scanning their QR codes to identify them

Use Case: Captures Attendance of blue collar employees who don't have smartphones. The supervisor provides them identity cards with QR Codes. Attendance is punched as soon as the QR Code is scanned.

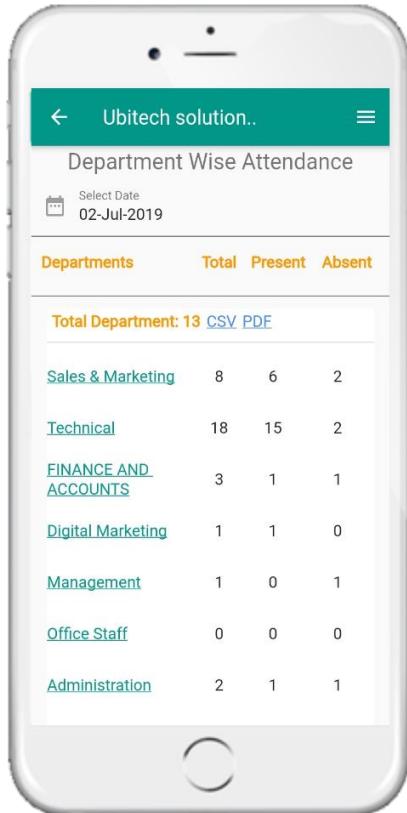

Summary Reports

Summarized Graphical view of the Employees Attendance.

Automatic mails for summary information.

Use Case: Employee wise monthly summary report is used by a lot of organizations for consolidated Attendance data before processing payroll.

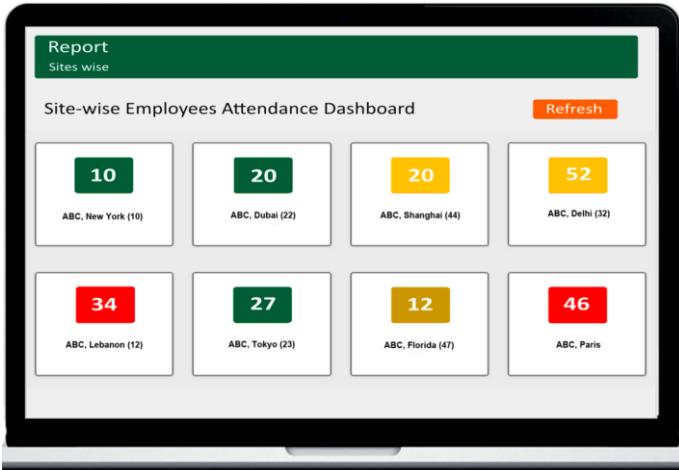

Department wise Attendance

- Track Attendance & Visits of every department on App
- Department wise Summary
- Quickly view the reports and share them immediately
- Send the reports in PDF/Excel file from within the App

Use Case: Collector Mulugu, Telangana needed to track the punctuality of many departments like Department of Revenue, Department of Health. By getting the department wise summary he could improve the productivity.

Site wise Attendance

Graphical view of the Employees present in multiple locations of a company

Use Case: Rudranee Infrastructure Ltd, Aurangabad with 150 employees had construction projects in multiple cities. Through ubiAttendance daily employee count in each of the sites could be seen in a glance.
