ubiAttendance App – Benefits

ubiAttendance App offers the easiest and fastest way to track employees attendance. It is best suited for Organizations for a no. of reasons

100% made in India

Our App & Software is totally made in India by Indians. Recognized as the top 10 Business Applications by Atma Nirbhar App Innovation Challenge.

4 way Time track

ubiAttendance offers fool proof Attendance tracking. User ID + Time + Selfie + Location. Keep a check on employee hours with 100% accuracy. No more proxy!

Insightful MIS Information

Track late comers, early leavers, absentees, employee's overtime & under time with powerful 40+ reports & MIS Charts on Computer or Phone.

Quick Start

No hardware or software installation. Start tracking time of employees immediately. A few minutes is all that is required to get our App running.

Biometric based App

Unlike biometric machines, bugs & updates are free. Attendance can be marked anytime, anywhere. No office space required.

Boost Productivity

Control your field staff by having a detailed graphical view of the Employees on each location along with their Selfie, Time & Visit details.

Login with QR Code/Email/Phone no.

Device identifies employees by Email / Phone / QR code scans. Employees who are Non-tech savvy can punch Time in & Time out without any trouble.

Highly Affordable

Budget friendly App. No setup cost required. Our App is subscription based. Nominally priced per Employee per Month.

One Stop Solution

Can be extended to manage Leave & Payroll. Integrates easily with HR software.

For Every Industry

Our Time Attendance App caters to almost all Industry sectors - Start-ups, SMEs & large organizations.

Cloud Attendance

Track employees from anywhere even when the managers are travelling. Data is fully secured on our cloud based Attendance Management App.

Scalable

The App grows with your organization. Create only the required employee accounts in our Time Tracking App. It can care of Time tracking needs of small as well as large Enterprises.

Configurable & Customizable

Manage Sites, departments, designations, shift timings & holidays. Use filtering options for your preferred view.

Reliable Services

21+ Years with 2300+ global clients, 90,000+ Active users.

Global Experience

Top Companies all over the world in 75+ countries have been using our services for years.

Unparalleled commitment

Our dedicated support team ensures that queries are answered ASAP on top priority. Client satisfaction is reflected in the repeat orders we get.

Optional Features

Employee Tracking -- Real-Time tracking of staff on your Phone and Desktop. Managers can check which employee is where and at what time.

Face Recognition -- AI Powered Attendance with face Recognition. Can be taken in Kiosk mode or by the Employee himself. Admin gets notification based if face is not matched.

Geo-Fence -- Create a virtual barrier around your office through the Geo fence. Whenever the attendance is marked outside your set boundary admin will get notified through Alerts.

Leave & Time Off -- Employee can apply leave through the app and Admin can Approve and Reject the leave through the app or from ubiAttendance web admin panel.

Manage Clients -- Admin can assign multiple clients to the employees for visit punching, record client information and see reports based on clients.

Shift Planner -- Plan each employee's shift in the App dashboard. Assign multiple employees to a shift. Quick & easy Shift Rotation.

Team Attendance -- Admin can mark attendance on behalf of the employees through the Group Attendance Feature.

Track Visits -- Track visits of your field employees in real time. Employee punches location from various reporting points. Managers can track immediately each visit's time & location.
