

Geo-fence – Set Virtual Boundary

- Admin can spot Employees who mark their attendance outside the office or site

Example: Enovation India, Bangalore for their advertising agency

Challenge: Management wanted to ensure that the attendance is punched from the office only.

Solution: The admin made a Geo-fence around the office. Any employee who punched attendance outside office could be identified and the Admin was sent an email alert.

Client Management

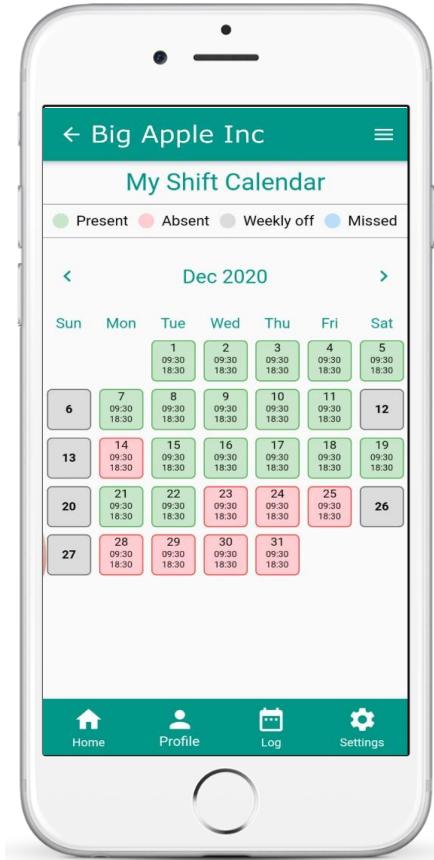

- Plan Sales Force visits
- Add & Manage prospects and customers easily

Company	Contact Person	Email	Phone	City
Dall Meyer	Mr Robertson	Robertson@dallmeyer.com	07718703412	Center City
Greenholt LLC	Garry Ve	business@greenholtllc.com	987654321	Ashville

Example: Vijay Electricals Limited, Hyderabad for 130 employees

Challenge: For managing their transmission projects the service team had to be given the next day visit plan.

Solution: The technicians visits is planned according to the priority & region.

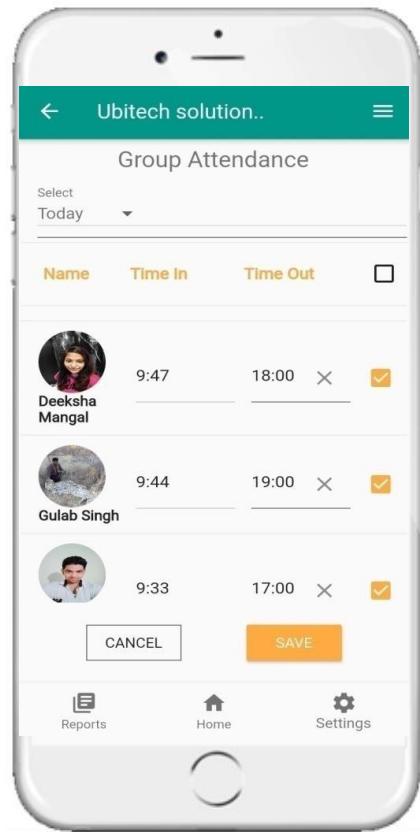

Shift Manager

- Plan & assign shift through Shift Calendar
- Manage any type of shift including flexi shift

Example: Mother Dairy, Delhi

Challenge: For an employee on emergency leave, another employee had to be called in his place.

Solution: Through ubiAttendance temporary shift would be dynamically assigned to the substitute employee. The substitute Employee would get a notification. This saved Admin a lot of time.

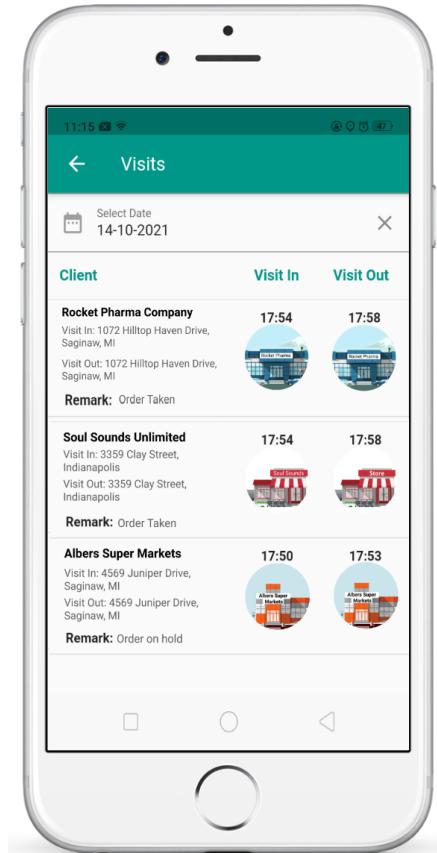

Team Attendance

Select employees in bulk and punch attendance of multiple employees in one go!

Example: Indo-Green Plastics, Chandigarh

Challenge: Punching attendance for workers without Cellphones

Solution: Attendance for entire team is punched from 2 cellphones with Face recognition

Visits Tracking

Track Attendance & visits of your field employees.

Employees visits are recorded with client, location & time details

Example: Aqua Plumbing Company, Kenya

Challenge: For satisfactory client service, managers had to ensure that the repair was done properly.

Solution: The plumbers were asked to punch client visits with the picture of the faulty Tap and after the repair was completed.

Industry wise Use Cases

Construction

Challenge: There are no fixed entry points in sites, so the traditional biometric machines cannot work. The projects site keep on changing.

Solution: Through the app the attendance can be captured from anywhere. There is no restriction of locations. Also since the project sites can change, the Admin has provided upto 10 Geo-fence to the team

Example: Welspun Enterprises Limited is using our app for its road projects.

Manufacturing

Challenge: In manufacturing companies employee's wages depend on their work hours. Calculation of work hours is difficult and faulty.

Solution: The work hours are automatically calculated through the attendance data. The computation of wages is effortless.

Example: Hidesign India Pvt Ltd

Industry wise Use Cases

Security Services

Challenge: The attendance of securities guard's is very difficult to manage. It is prone to errors and data manipulation.

Solution: Since our app also captures selfie and location along with time, our solution is very popular with the securities agencies.

Some of our clients have taken the solution for all the group companies.

Example: Brigade Eda, Doberman security solutions private limited.

Initially the company had taken the solution for brigade only. Subsequently they also implemented in Doberman and eagle securities.

IT & Technology

Challenge: The problem with IT companies today is that a lot of employees are working remotely.

Solution: ubiAttendance app comes in very handy for these employees. Now they can comfortably punch their attendance from their homes.

Example: Qualitrix, Bangalore implemented our attendance app close to 150 employees during lockdown.

Industry wise Use Cases

Healthcare

Challenge: Pharma Industries employ a lot of medical representative and sales field staff.

Solution: Solution- Through the ubiAttendance app the managers can easily plan the field visits. They can then assign the clients to each of the sales representative. The visits can also be totally tracked to ensure the authenticity of the visit data.

Logistics

Challenge: In logistic companies most of the employees like the drivers are on the move, so the traditional ways of punching attendance today fail.

Solution: The drivers are asked to punch the Attendance once they are on the vehicle. They were also asked to punch the visit every time they would halt.

Example: Victor Logistics which is headquartered in Hyderabad. Ceva Logistics has 20 offices globally.
